

Snowmobiler's Flock to Garland After **BIGFOOT SIGHTING** in Lewiston

EXCLUSIVE STORY!

Lewiston, MI – Garland Resort, already one of the world's most popular destinations for avid snowmobilers with hundreds of miles of DNR trail, right on its doorstep, is bracing for an influx of rabid riders after the season's first Bigfoot sighting. First spotted just a few hundred yards from Garland's luxurious main lodge, three separate riders caught a glimpse of the elusive ape yesterday. Says Flint resident Bob Ford, "I always love going to Garland to ride the trails, but a Bigfoot sighting really adds to the excitement. We were so into it Saturday that we didn't even make it back to the bar until 10pm, although in fairness, we made up for our late arrival!"

If you want to join the excitement, you can bring your own machine with secure onsite parking provided or you can rent one from Garland. Garland has hundreds of miles of groomed state and county wilderness trails, ranked among the finest in Michigan.

After an exhilarating day on the trails, guests here relax in style with hearty pub food or gourmet dining. Excellent nightly entertainment is provided and the cozy and luxurious accommodations will make you think you're in a five star city hotel not lodged in the Michigan woods. Yet, all ambience and luxury is delivered at surprisingly great winter values; although given the media hype it's advisable to book early.

Yet even with all the celebrities and news media floating around the grounds not everyone it seems, is here for Bigfoot. Sam Jones of Lansing, said he was far more interested in the BIG JUICY steaks at Garland's Hildegard's restaurant than in some stupid ape! Either way, if you're a Bigfoot fan or just a fan of a cozy winter escape with some of the world's best snowmobile trails on your doorstep, make your tracks to Garland this winter. Even if you don't spot Bigfoot, you'll have a great time trying!
